The Pathways to Academic Success Series (**PASS**) Workshops

Cut the Cramming

FOR PARENTS

Do you need a lesson on helping your child study and being successful in a 21st century learning environment?

If so, this workshop is for you!

Cut the Cramming will teach you strategies to help your child *understand, remember, and recall information! Not just memorize it!*

Specific topics will include:

- Introduction to 21st century learning
- Study sheets and other methods of reviewing/applying concepts
- Guiding through auditory, kinesthetic, and visual learning strategies
- Finding websites to help learn, practice, and apply information
