Positive Psychology: What Have We Discovered About Happiness and How Can I Get Some More? What Works?

Date Thursday, November 3, 2011

Topic **Positive Psychology: What Have We Discovered About Happiness and How Can I Get Some More?**

After a long period of neglect, over the past 10 years much has been researched and published on the topic of happiness and well-being. The discussion will center on implications for our personal and professional lives.

Speakers **Barry Nierenberg, PhD, ABPP** is currently one of the core faculty teaching Doctoral level Psychology Students at NSU's Center for Psychological Studies. He formed and is Faculty Advisor for the Psychological Well-Being Study Group and started the first course of study in Positive Psychology here at NSU.

Robert C. Preziosi, DPA, Professor and Chair of Management, H. Wayne Huizenga School of Business and Entrepreneurship, will address how he incorporates principles of positive psychology into learning activities and research.

Location Faculty Shark Club (Rosenthal Building)

Time 4:30–6:00 p.m.
