NOW!**

8 week session

November 14, 2011 - January 19, 2012

Monday and Wednesday or Tuesday and Thursday

4:30-5:30 pm or 5:30-6:30 pm

Improve...

Academic grades • FCAT scores

Organizational skills • Study habits • Self esteem

Proven success!

More than 90% of our students have shown improvement in reading and math scores

Here's what some of our families have to say!

Michael, Grade 5

"My son was going to fail fifth grade. We had gone to many other programs but never saw results until Super Kids! Michael is reading and writing on level and is excelling in math! He made the honor roll for the first time! Best of all his FCAT scores were much improved!"

Kim, Grade 2

"My daughter now reads with confidence and her self-esteem has flourished! She is finishing all of her homework and grades have soared! Super Kids went beyond my expectations to help Kim become a successful learner."

Tyrone, Kindergarten

"Tyrone loves attending Super Kids. The program has taken a frustrated child and brought many smiles to his face. He went from a non-reader to reading signs all across town. We couldn't be happier!"
