

The Student Occupational Therapy Association (SOTA), along with the Department of Occupational Therapy at Nova Southeastern University, is excited to announce our partnership with 9Muses Art Center. SOTA has sponsored an art installation featured in the Steele Atrium of the Health Professions Division building.

9Muses is a program of the Mental Health Association of Southeast Florida. The program is designed to provide mental health support and recovery through the creative arts. More information about 9Muses can be found at www.9musesartcenter.org

The art installation features artwork by Angelo who attended 9Muses until his passing in 2008. The pieces are available to purchase! Please contact Chris Yoculan if interested.
